Maple Grove Lot 2 (Payless Liquors)– Concept Plan

Docket PC16-027-CP Maple Grove Lot 2 (Payless Liquors) Concept Plan- The petitioner is requesting approval of a Concept Plan to be known as Maple Grove Lot 2. The subject property is currently zoned GB and is approximately 1.86 acres. This property is located in the Maple Grove Commercial Subdivision along Whitestown Parkway and Grove Pass. The petitioner is Innovative Engineering & Consulting, Inc. and the property owner is KLC Realty, LLC.

Site Location

- The property is located on Lot 2 within the Maple Grove Commercial Subdivision.
- Access is located off Grove Pass that runs parallel with Whitestown Parkway. Additional Right-In/Right-Out access is provided along Whitestown Parkway. A traffic study has been conducted for accurate and functional design.

Area History

- The Maple Grove Commercial Subdivision was rezoned in 2007 under the Boone County Area Plan Commission (Ord #2007-06). The Area Plan Commission GB description differs from the newly updated Whitestown UDO.
- The WPC Approved text amendments to update the GB language and permitted uses to reflect the updated Whitestown UDO at their 6/13/2016 meeting (Docket#PC16-010-TA).
- Plan Commission required petitioner to hold special public meeting to address any nearby property owners' concerns. This meeting was held November 2nd in the Whitestown Municipal Complex Public Hall.
 - Conversations from the meeting with the public include: Safety, Proximity to schools, Proximity to existing access to liquor, Property Taxes, Value of Homes, Increase of Traffic- a traffic consultant is researching the effects and possibility of closing access to Grove Pass from Maple Grove Blvd as noted in this meeting.

Concept Plan Process

The "Concept Plan" is required as part of any application for approval of a major subdivision. The submittal contains a Site Analysis Map showing the unique characteristics of the site as well as a Concept Plan showing the proposed layout of the project.

The Concept Plan is then presented at a WPC meeting for public review and open discussion. While no official action shall be taken, the WPC may require that impact assessments be done for discussion at the time of the Primary Plat hearing.

Impact assessment shall be performed by a qualified professional with training, experience, and expertise in the field relevant to the specific section of the study in which work shall be performed. The WPC shall mandate such studies at the expense of the applicant and of the professional of choice of the WPC. Such assessment may include any of the following:

- Traffic and Transportation
- Tax Base
- Water and Sewer Service
- Fire, Police, and Emergency Services
- Schools
- Parks

Proposed Development

Lot 2 of the Maple Grove subdivision is proposing a commercial development along Grove Pass, just west of Maple Grove Boulevard and Whitestown Parkway. The proposed project is to prepare the site for a commercial building that will include a retail liquor store and other undetermined tenants.

The liquor store tenant is projected to be open from 9am to 10pm, Monday- Saturday. The business is projected to employ ten individuals.

A traffic study was conducted per staff's recommendation to show expected traffic flows to and from the curb cuts off Whitestown Parkway in relation to existing roadways off Whitestown Parkway.

Staff Comments/Recommendation

The Maple Grove Commercial Subdivision has been zoned GB since 2007.

The liquor use tenant is an approved use according to the GB zoned definitions of the Whitestown UDO.

Staff has confirmed with Indiana State Excise Police that no laws apply to the proximity of the liquor store use and Rainbow Child Daycare. The law states alcohol and liquor sales are to be a minimum of 200’ away from Elementary Schools, High Schools, and Churches.

Staff recommends that the WPC take in consideration of neighboring residential property owners and the location of the liquor tenant within the Commercial Subdivision. Additional landscaping buffering, specific signage, and lighting is to be considered at the development plan process to limit light pollution to nearby property owners. Staff recommends that the WPC allow the petitioner to proceed with a development plan submittal.
